Re: Yes we support very strongly Edyta Jaroszewska, Danua Pilarska, Jadwiga Lopata and Malopolska.

The Dutch people remember very well that the Polish soldiers fighting very courageous in World War II against Hitler for the freedom of the Netherlands and Europe. Now we will fight together against GMO a new kind of fascism (slavery) the most worst in his field.

I repeat very strongly that the Dutch citizens have said no to GMOs. Only our queen Beatrix and the Crown Prince Willem Alexander and his wife Maxima from Argentina, members of the illuminati the invisible political powers of this world, said yes!* (Agd 14/08/04/p8 and p9)

We draw your attention to the fact that before you and the illuminati are introducing legally GMO into the European culture and agriculture, you have to change the international laws of the ideal of free human beings. As every body knows the European Convention on Human Rights (**ECHR**) is protecting human beings against Illuminati and GMO's. Please see the articles 1, 5 and 8. The International Covenant on Economic, Social and Cultural Rights (**ICESCR**) is protecting the European culture and social rights. The International covenant on civil and political rights (**ICCPR**) is protecting the democratic rights and obligations. Why, then GMOs, while you can't find any citizen who votes for GMO? Why were the elections in the Netherlands in 2006 'stolen' as the Algemeen Dagblad for the first time wrote in the article '*Lijst 14 eist geld terug*' published on 21st of January 2009? We draw your attention to a quote of Hanna Arendt 'Without political room freedom is impossible'

Looking forward to your answer we remain with kind regards. Your servant to serve the general interest*.

Good Friends

Could we be starting the seed of a New Resistance Movement right here and now in Poland? Something that could ultimately spread around the world and free US ALL from slavery to GM food corporations and the uninterrupted destruction of our beautiful planet? Well we just might be! KEEP GOING EVERYBODY!!!

We have had some outstanding responses already from different corners of the world: THANK YOU to Bill Smith, Devon UK; Margarida Silva, Portugal; Lavdosh Ferruni, director Organic Agriculture Association, Albania; Kavitha Kuruganti, Coalition for a GMO Free India; Dr Michael Antonio, King's College London School of Medicine, London; Professor Gilles-Eric Seralini, CRIIGEN, France.

its -1% celsius and snowing in Warsaw. Edita

and Danuta are braving the weather and the abject refusal of the Ministry of Agriculture even to allow them a cup of warm water. They have left their families and farms to do this FOR OUR FUTURES!

COME ON all of you who are surely touched by this courageous effort. WRITE NOW TO THE PRIME MINISTER OF POLAND and express your views (see below) And send us a copy!!

We are soon going to Warsaw to give Edita and Danuta our support. We will read out the names of all who have sent letters to Donald Tusk in front of the press and anyone else who is there. Our best .. and only REAL HOPE is to keep the momentum building! In anticipation of your solidarity ..

PLEASE PASS OUR EMAILS ON TO ALL YOUR COLLEAGUES ... AND ENCOURAGE THEM TO GET INVOLVED

The goals of our fasting ladies and the Coalition for

a GMO Free Poland are:

1. To reinforce the BAN of all GM plants and - and as a fast-track - ban the maize MON 810.
2. To introduce labelling of all GM foods and gradually withdraw these foods from the market.
3. To introduce a BAN of GM animal feeds.
4. To use social/public funds (tax payer's money) to support traditional and organic farming.
